

For Immediate Release

FINLEY ENGINEERING GROUP CELEBRATES 10 YEAR ANNIVERSARY

Tallahassee, FL (January 6, 2014). Bridge design and construction engineering firm, Finley Engineering Group (FINLEY) celebrates its 10 year anniversary.

In the past 10 years, we've worked on over 80 projects in the United States, Middle East, Africa, and South America. Our projects have won 15 Awards and we've received two Top Structural Engineering Firm awards, ZweigWhite Hot Firm Award, a ZweigWhite Best Firm to Work For Award and two Marketing Communications Awards. Our clients come to us for creative solutions to the most demanding bridge engineering and construction challenges of our era. FINLEY is a dynamic organization constantly seeking to expand and enhance our capabilities by attracting the best and brightest talent. We value the diversity of cultures, which fosters an environment of creativity, innovation, excellence and a dynamic work environment.

Today, FINLEY is recognized nationally and internationally as a leading design, engineering and construction consulting firm specializing in complex bridge projects of all kinds. FINLEY's expertise includes concrete segmental, steel box, arches and trusses, and long span cable-stayed bridges. FINLEY focuses on large Contractor-driven projects, such as design-build, D/B/F/O/M, Public-Private Partnership (P3) and value engineering/alternative design.
